PSBU Community Training Courses

PSBU is committed to improving access to essential services in the community, particularly through education. One of its key initiatives includes regularly holding **weekend workshops** that are open to the public on a **free-of-charge** basis. These workshops focus on enhancing **English Speaking Skills**, offering members of the community—especially those who may not have access to formal language education—an opportunity to improve their proficiency in English.

By providing these free workshops, PSBU not only supports educational development but also helps individuals gain a critical skill that can open doors to better employment opportunities and access to global resources. This initiative aligns with PSBU’s broader mission to foster **inclusive education** and reduce inequalities in access to essential services, particularly in underserved and rural areas of Cambodia.

In addition, the university provides **free accommodation** and **on-campus support services** for marginalized students, further promoting equal access to higher education and other basic services. These efforts reflect PSBU’s commitment to **SDG 1: No Poverty** by directly improving access to basic services such as education and skills training, which are vital for economic empowerment and poverty alleviation.

Updated and Reviewed by the following authorised PSBU representatives

- **Ngoun Sdechpheapkdey** - Secretary of State In-Charge of PSB University
- **Sean Borey** - Dean of Faculty of Information Technology
