Grants and Research Funding Policy

Purpose:

To regulate the management of grants and externally funded research projects.

Policy Statement:

PSBU ensures that all research funding is used in accordance with donor conditions and institutional accountability standards.

Procedures:

- All proposals for external funding must be approved by the Research Office and Finance Office.
- Project budgets must be managed separately from core University funds.
- Financial reports must be submitted to funding agencies as required.

Review:

Reviewed biennially by the Research and Finance Offices.
