**1. Opening Remarks**

The meeting started at 2:00. The meeting commenced with welcoming remarks from Mr. Sanjeewa Mas, who outlined the key objectives of the session. Mr. Sanjeewa welcomed all participants and thanked everyone for joining the meeting. He highlighted that today's discussion would focus on PSBU's strategic development, especially QS Stars, international rankings, research improvement, and preparation for the 2027 International Conference. He emphasized the importance of teamwork, clear strategies, and strong evidence documentation to support PSBU's future growth and global recognition.

**2. Purpose of the Meeting**

The meeting was conducted to discuss the future strategic direction of PSBU, particularly the development of the International Unit's key areas, including QS Ranking, QS Stars, Times Higher Education (THE) Impact Ranking, and Research Development. The team agreed that PSBU needs a clearer strategy, specific responsibilities, and stronger teamwork to improve its international recognition and ranking performance.

Since joining PSBU in 2022, the team has developed through different areas and expanded its responsibilities. Moving forward, the focus will be on selected priority areas with proper planning, implementation, and evidence collection.

### 3. Moving Forward with QS Stars

The team discussed the progress and future plan for **QS Stars**. It was highlighted that PSBU already has strong facilities, activities, and potential; however, the main challenge is the lack of sufficient evidence and proper documentation to support the QS requirements.

The team agreed that PSBU needs to follow the QS format carefully by collecting, organizing, and submitting relevant data and evidence. A clear strategy and timeline will be prepared instead of rushing the process. Mr. Borey will support student-related information and university data, while Ms. Rorhany and the team will assist with data collection and documentation.

The team also discussed that achieving a higher QS Stars result requires continuous improvement and teamwork from all relevant departments.

### 4. PSBU University and Times Higher Education Rankings

The meeting focused on improving PSBU's performance in **Times Higher Education** (THE) Impact Ranking and other international rankings. The team discussed that PSBU has strong potential but needs stronger evidence, strategic planning, and continuous implementation.

Dr. Karl was assigned to lead the Impact Ranking strategy, especially related to SDG goals. He will work closely with Mr. Borey, Mr. Darath, and the university team to develop an improvement plan for the next ranking cycle.

Dr. Karl will prepare a strategic plan, which will be reviewed by Dr. Amir and discussed with relevant team members to ensure that it matches PSBU's philosophy, culture, and development goals.

The meeting emphasized the importance of evidence-based ranking systems. All activities, meetings, reports, articles, and achievements should be properly documented as supporting evidence.

### 5. Students' Research and Duration

The team discussed the importance of strengthening research development at PSBU. Dr. Amir, Dr. Mok Sarom, and Mr. Darath will work together on developing a research strategy, including improving research activities and increasing research publications.

The goal is to improve PSBU's research performance and support future ranking improvements. The team also discussed the importance of long-term planning and implementation rather than focusing only on short-term results.

### 6. The International Conference for 2027

The meeting discussed preparations for the international conference planned for 2027. Dr. Amir, Mr. Moksarom, and Mr. Darath will work on the conference details, including the

schedule, participants, facilities, student support services, and other necessary arrangements.

The team agreed to finalize important information within one week. Ms. Kaviska will coordinate with the design team to prepare promotional materials and advertisements. The promotion campaign is planned to start from 1st July and continue until January to increase international participation.

**7. Closing Remarks**

The meeting concluded that PSBU needs to work as one team with clear strategies and responsibilities. The focus areas will be:

- Impact Ranking: Led by Dr. Karl
- QS Ranking & QS Stars: Supported by the International Unit and data collection team
- Research Development: Led by Dr. Amir, Dr. Mok Sarom, and Mr. Darath
- Promotion & Communication: Supported by the Media Team

The team agreed that PSBU already has strong qualifications, but improving documentation, evidence collection, and strategic implementation are the key factors to achieve better international ranking results.
